WHAT IS EPM SURVEY?

The **EPM Survey** is a form that helps us to know how much the **Magazine** is used and its diffusion

EPM Survey

EPM is a scientific magazine product by many European schools, redact completely by students. **EPM** give, free of charge, information about the history of the science and technology. This survey has the objective to allow us to know its diffusion, and if it is considered useful as help in the scholastics subjects or only to satisfy the curiosity.
