LIFE AND HISTORY

by Laura Patanè, 14th EPMeeting, Sofia 2010

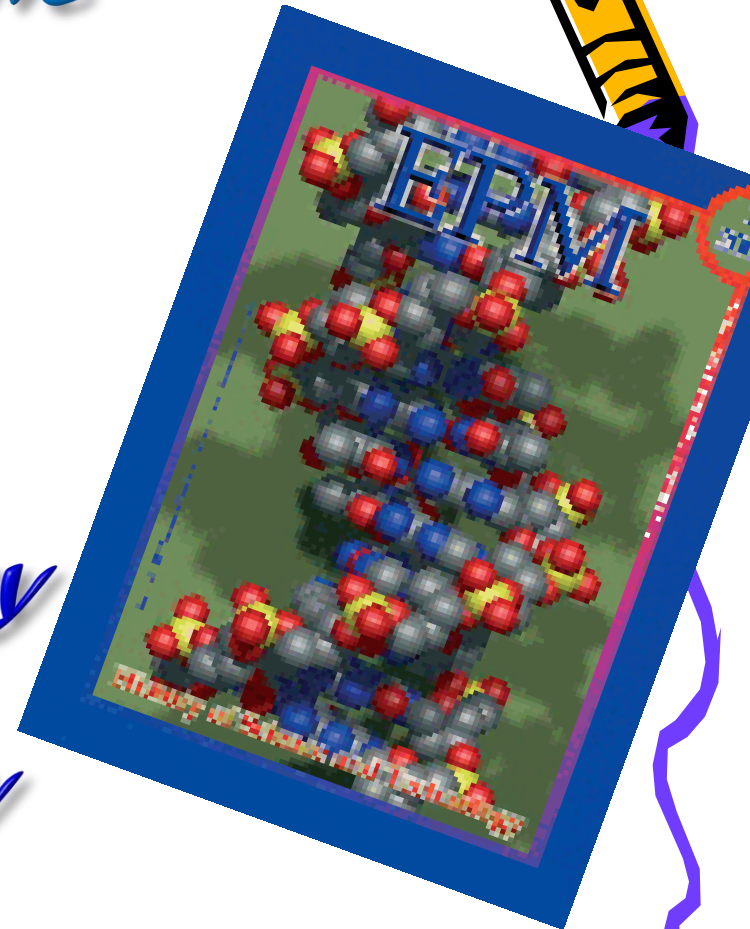

WHAT IS EPM?

EUROPEAN PUPILS MAGAZINE

JTJS
A MAGAZINE
ABOUT
HISTORY
OF
SCIENCE
AND
TECHNOLOGY
AND
TECHNOLOGY
FOR
GREEN ENERGY

Why History of Science and Technology??

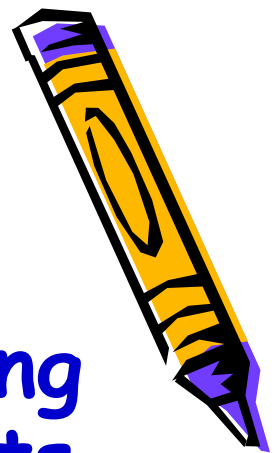

<<BECAUSE HISTORICAL STUDIES ON THE DEVELOPMENT OF A SUBJECT ARE INDISPENSABLE IF YOU DON'T WANT THE PRINCIPLES TO BE MISUNDERSTOOD IDEAS OR DOGMAS>>

ERNST MACH

The idea, the project the first issues

"The *Magazine* aims to be a learning tool which will enable the students to decide themselves what they want to study, to develop abilities like performing a scientific research work and proposing new experiments, so that other students may profit from their knowledge."

From 1st issue Editorial

EPM'S AJMS ARE:

To improve scientific studies through research in the given topics.

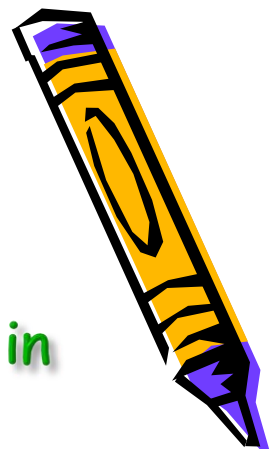

To increase European cooperation among Universities and High schools.

To create a database of articles written by students, easily understandable to their peers.

To increase the passion for studies of History of Science and Technology and Technology for Green energy.

To improve communication skills and academic editorial experience.

To develop cultural understanding of the History of Science and Technology and Technology for green Energy

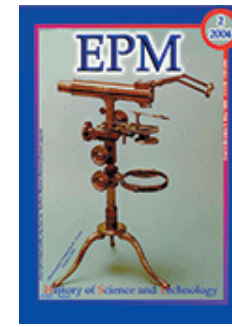

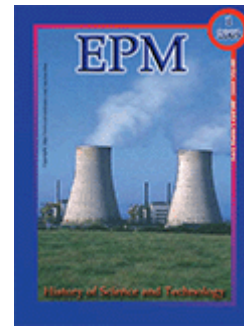

CHRONOLOGICAL HISTORY OF EPM

Spring 2001:

The first idea (HST meeting, Hull, UK)

by Laura Patanè, 14th EPMeeting, Sofia 2010

Spring 2002: presentation of the project
(Bergen, NO)

April 2003: first issue (1\2003)

June 2003: second issue (2\2003)

November 2003: third issue (3\2003)

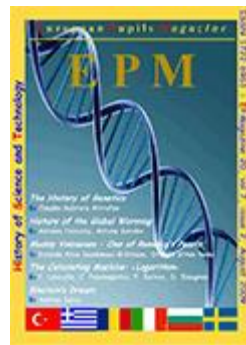

And so on... until...

December 2009: twentyfirst issue (3\2009)

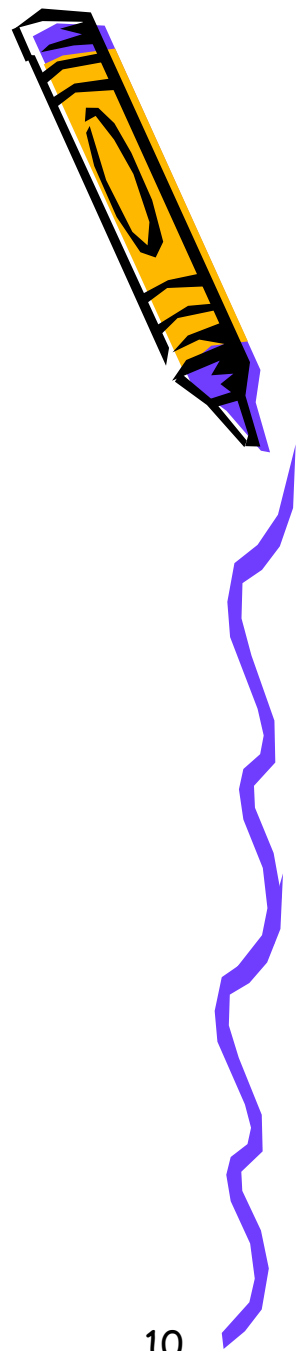

April 2010: twentysecond issue (1\2010)

by Laura Patanè, 14th EPMeeting, Sofia 2010

The EP Meetings

1 - Kramsach	Austria	October	2002

10 - Kaisery	Turkey	November	2007
11 - Thessaloniki	Greece	April	2008
12 - Istanbul	Turkey	January	2009
13 - Bucharest	Romania	January	2010
14 - Sofia	Bulgaria	November	2010

*The FJRST: Meeting in **Kramsach**...*

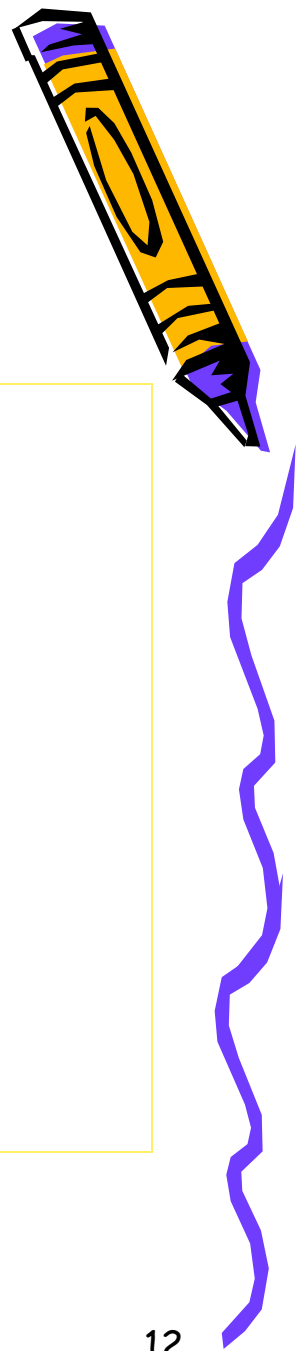

October 2002

the project officially starts with the first meeting in **Kramsach**, Austria

The LATEST: *Meeting in Bucharest...*

- **UNIVERSITIES**

took part in the 13th **EPMeeting**
and joined our project!!

- **Technology for Green Energy**

CONCLUSION:
EPM
LATEST STRUCTURAL
DEVELOPMENT

TECHNOLOGY FOR GREEN ENERGY

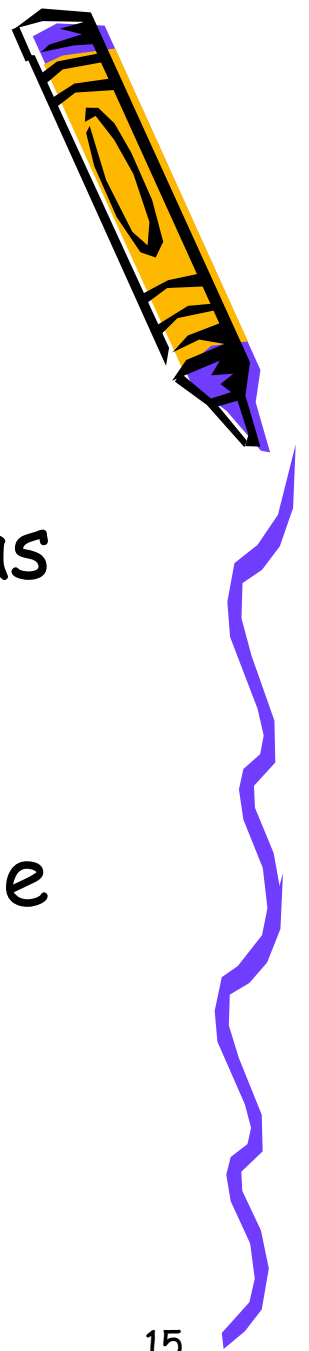

Now **EPM** is a *Magazine* which is about

- History of Science and Technology as well as
- Technology for Green Energy

UNIVERSITIES TOO!!

- **EPM** is an international *Magazine* where the students work and act as mainly characters during our **Meetings**.
- After the meeting in Bucharest the universities joined our scientific editorial project.

PARTNERS:

EDITORIAL BOARD

or

COOPERATORS?

It is necessary to make a difference among the partners:

Members and Cooperating Members

• Editorial Board All partners share the editorial work (see the talk Mattia gave about the work to do from Bucharest to Sofia and his next talk about work to share from Sofia to next EPMeeting)

Cooperators send articles, spread and use EPMagazine as teaching material and cooperate on other topics if requested

***Thanks
For
your
Attention!***
