

# Bogggio Lera High School

# Introduction

Today I would like to talk about our school :  
Boggio Lera. The school is a High School and it has  
three address : language address, science address  
and classic address.

# History

The building was a monastery while, now, it is a High School. The name of the school is dedicated at the famous physics scientist. In his life, Boggio Lera won a lot of prizes for his scientific applications. For example :

- About the Morse alphabet;
- About the x-ray;
- And so on

# Let's enter into Boggio Lera!!

# Which is the best?

vs

# Multimedia Room

In the Multimedia Room there are fifteen old computers but there is a printer that we use to print the CDs. Usually **EP Magazine** group is located here.

# Computer Lab

**In the Computer Lab there is a set of new computers with Windows Seven.**

# Where do the students get together? In the *COURTYARD!*

# Physics Laboratory

Students do their scientific projects, experiments, test and so on.

AND ...

# Laboratory of Chemistry

Here students also do experiments and tests. For example: Diffusion of the ink into cold and hot water

Luigi La Magna & Gabriele Trovato, 16th  
EPMeeting, Brasov/Fagaras, Romania , 22nd to  
29th April 2012

# Volleyball Field

There is a volleyball field  
where the students play  
during  
Physical  
Training  
lessons.

# There was a problem? What?

Two months ago, Boggio Lera was occupied. Some high school students "Boggio Lera", following the discussions held during the three days of self-management, analyzed the current problematic situation of school facilities, and discussed the movement "shock force" that is crippling all over Sicily, and economic and social crisis that is going through this time. In light of these considerations it was decided to occupy the headquarters of our shallowness High school. Not an act, but a great awareness.

THIS IS ...
