The screenshot displays the EP Magazine website interface. At the top, there is a navigation bar with the text "HISTORY OF SCIENCE AND TECHNOLOGY TECHNOLOGY FOR GREEN ENERGY" and the magazine title "EUROPEAN PUPILS MAGAZINE". Below this, there is a table of contents with the following items:

- 5 Arguments on Quality - Maria Jankovic
- 16 Biotechnology - Patricia Maguire
- 22 Our Trip to Kazakhstan - Korina Kambou
- 24 M. Lappalainen, V. Kivimäki

Below the table of contents, there is a section titled "INTERNATIONAL COOPERATORS" with a table listing various institutions and their contact information:

School	Coordinator	School	Coordinator
Cardinal Richelieu	Marie-Rose	Queen's University Belfast	Elizabeth O'Brien
Technology Institute of Ireland	David Kavanagh	University of Galway	Maria Pappas
ICTP Trieste	Thomas Kuhn	University of Cologne	Stefanie Krieger
Luigi Galvani I. Carlo	Marino Marini	Dr. Nancy Tordella	Teresa Soderstrom
King's College London	Don Sparke	Central Technical School	Barbara Huber
Highgate School		Central Technical School	Elizabeth White

At the bottom of the screenshot, there are several magazine covers displayed, including one for the 7th Year. The covers feature various scientific and technological images, such as a globe, a satellite, and a space station.

Purposes for the future

- Better graphical shape
- Faster to use interface

EPM CD-Collection

- Cheap to produce
- Contains all the issues
- People receive something physical

A bit of history

- Originally developed by Antonino Porto
- Modified by Gianfranco Di Stefano ...
- ... later by Angelo Tambone
- Then me!

Last improvements

- Removed HTML pages
- Lightened memory size
- More intuitive to use
- Better graphical aspect
- Removed useless Java Applet

Purpose for the Future

- Improving graphical aspect
- More browsers compatibility

Newletters

We always had problems with newsletters...
...until we met a chimp!

Mailchimp

- Easy to use
- Funny to use
- ✗ Limit of 2000 mails per day

Conclusions

- Since we print less issues than in the past, the multimedia contents relevance grow up very quickly
