

EUROPEAN PUPILS MAGAZINE

History of Science and Technology

Guidelines for Contributors

Authors of original manuscripts who would like their work to be considered for publication in the **European Pupils Magazine** are invited to submit their papers to be concerned with the **History of Science and Technology** as follow: Papers may be the result of either personal research or classroom practice in the covered topics. Submitted articles should not have been published or being currently under consideration for publication elsewhere. Submitting an article with exactly or almost exactly the same content as found in publications of another journal or conference proceedings may result in the refusal of its publication. Submitted articles have to be sent to monicacotfas@gmail.com and FPMagazine@libero.it together with the submission form, including a list of 10 keywords in each language.

Include in your mail:

- article both in English and in your mother tongue (Microsoft *.doc format);
- Three pictures per page (at least) in single *.jpg format files at high resolution;
- Submission form filled and signed (do not forget 10 keywords, at least, in both languages).

Before adding the files as attachments, please make sure the tables and/or pictures are inserted in the proper place and the files can be opened without any problems.

Please, classify your manuscript into one of the following sections:

D General (Experts'/Teachers' contribution)

E News

G Fun Pages

F 14 to 16 years old (Secondary school)

H 17 to 19 years old (Secondary school)

L 19 to 24 years old (University)

Formatted articles should not exceed four pages (Din A4) including all tables, formulae and pictures. You have to be in the possession of the copy-right for submitted pictures and in order to avoid any problems with unauthorized reproduction we suggest exclusive use of your own pictures. Each image source has to be cited in the Iconography at the end of the submitted paper. The images must be numerated in the caption i.e. (fig. 1) and in the iconography as well. To avoid problems with the quality of your pictures in the printed version we ask to submit each picture in a single file with a resolution of 300 dpi or higher. The **EPM** Editorial Board reserves the right not to publish all or some of the included pictures for copyright and/or layout reasons. The last page of the submitted paper has to include the paragraphs:

Bibliography - Iconography

taking care to follow the rules reported in the guideline files you find at <https://epmagazine.org/storage/93/guidelines-and-other-info.aspx> In addition, the optional paragraph **Acknowledgements** may be added. To help you submit a suitable article, we add some further recommendations that will avoid delay in publication and unnecessary work both for you and for our Editorial Team. Please use as few special formatting procedures as possible in preparing your manuscript in the text processor. Texts should be written in a clear language without grammatical and/or spelling mistakes in order to make sure that the reader understands what you intend to say. If you are not sure whether your work is likely to be published, consult your national referee or the Editorial Board before submitting the finished article. Have a look at the published articles in the web-editions <https://epmagazine.org> Priority will be given to articles which are expected to interest a broader number of readers. This may particularly be the case when the covered topic corresponds with curricula in the European Countries. In case different submitted articles cover very similar topics, the Editors will also pay attention to a balanced geographical distribution.

We are sorry to say that contributions without a clear scientific content, lack of originality, poor presentation and/or language, cannot be considered for publishing.

EPMagazine is an International Educational Scientific Periodical published by a pool of European Universities and Secondary Schools. Contributions are welcome from every level of educational institutions, students and teachers.
